Looking Ahead

The weather is finally starting to warm up, and we are eager for what March has in store! We are right in the midst of our Scholastic Book Fair and it could not be more exciting for our kids. Thank you for helping making it so special!

Keep an eye out in the lobby the week of March 11 for some special treats. We love our parents and we hope you see how much we appreciate you all!

We are also looking forward to our St. Patrick's Day party on March 15. Our preschool-aged classes will get to travel to the Kids' Campus building for several exciting activities, while our younger classes will enjoy some fun themed centers with their teachers right here. It will be a good time either way, so keep an eye out for those pictures!

The last March event on our calendar is the preschool and Pre-K science fair. We are so pleased to be able to host something that will really highlight the abilities of our budding young scientists. Stay tuned for more details on this event via Tadpoles!

A Message from the Principal

February was a great month at our school! We held several family events and truly appreciate all those who participated. In anticipation of spring, our teachers are busy planning meaningful learning activities that will help students gain an appreciation for the changing seasons. In order to make the most of the next few months we will be spending extra time outdoors so our students can interact with nature. Please make sure your child has weather appropriate outerwear for school each day.

Sincerely,
Kris Beirne

Reminders

Make sure your child has at least one change of clothes in his or her cubby, and that it is appropriate for the weather.

Do you know a parent seeking a new child care facility, moving to the area, or finding child care for the first time? Any parent who enrolls here based on your referral will earn you a week of free tuition! See your administrative team for details.
