

JUNE 2019

ENCHANTED CARE

Monthly Newsletter

A WORD FROM OUR PRINCIPAL

For the past few months, our teachers have been busy planning special activities to make this summer fun and memorable. This month marks the beginning of our Connect to Summer curriculum enhancement camp for our preschoolers, and our Summer of Discovery full-time camp program for our school-agers. These programs feature activities that support learning outcomes aligning with your child's developmental level. Please keep an eye out for special communications about activities and events, and about how you can support your child's learning at home. As always, we are here with any questions or concerns you may have. Please don't hesitate to reach out to us!

Sincerely,
Kris Beirne

MAY IN REVIEW

We are now in the swing of summer, and what a blast we had wrapping up the school year! May began with Teacher Appreciation Week, and you were extraordinarily generous and thoughtful with all you supplied to our teachers.

Then, many of you joined us for our Mother's Day Brunch. It was a true pleasure to get to host you and thank you for all you do!

Our Pre-K class was able to experience something else special this past month as well. We were honored to host the Pre-K graduation, and wish our future world-shakers the best of luck as they prepare for Kindergarten.

Finally, we ended the month with the start of summer camp. Warm weather is upon us, our sunscreen is ready, and we cannot wait to have fun!

“

THE SUMMER NIGHT IS LIKE A PERFECTION OF
THOUGHT.

Exciting News!

Nobel Pleased to Offer CDA Program to Employees

During our recent Parent Surveys, some of you responded with valuable feedback asking us to invest back into our teachers through recognition, professional development, and support in providing the best in care and education for your children.

We are excited to share with you that Nobel is now offering the benefit of the CDA (Child Development Associates) Credential Program to any interested employee!

The CDA is a hyper-focused program that guides candidates on best practices in early childhood education, focusing on these key areas of practice: safe and healthy learning environments, children's physical, intellectual, and social/emotional development, effective team work, professionalism, supporting children's behaviors, principles of child development, and developmentally appropriate practices.

Investing back into our teachers in various ways ultimately means happy supported teachers who love educating children. And happy, well-trained, connected staff members means consistency in the classrooms which benefits students and families!

Please stop by the office if you are interested in learning more about the CDA program and which teachers are participating in the program so you can lend your support!

LOOKING AHEAD

IMPORTANT DATES
